

6.4. Redress: key statistics

**(presented to strategic configuration of the PC,
18 February 2016)**

'Redress'

- A transparent 'due process' for investigating complaints over proposal evaluation ('Evaluation Review'), and eligibility/admissibility decisions
- A valuable quality control; and correction of (rare) procedural problems
- Based on procedure started in FP7
- Applicants have one month from date of rejection letter
- Rules for 'Evaluation Review' set out in Rules for Participation Article 16

Some reasons for re-evaluation: eg

- **Incorrect decision on eligibility**
- **Serious factual mistakes**
- **Contradictory remarks in the ESR**
- **ESRs mixed up between proposals**
